SUMMARY

Information Technology graduate with practical hands-on experience in frontend web development, focusing on HTML, CSS, and responsive design principles. Familiar with UI frameworks like Tailwind CSS and Bootstrap, with a working foundation in JavaScript and web layout structuring. Detail-oriented and analytical, with experience using browser developer tools for UI debugging and layout adjustments. Strong problem-solver and team player eager to apply core frontend skills, adapt to modern dev tools, and contribute to building responsive, user-friendly web interfaces.

EXPERIENCE

SOC Analyst (OJT)

Philippine Institute of Cyber Security Professionals (PICSPPro)

February 2026 – July 2026, Remote Internship

- Performed daily SOC monitoring using Stellar, validating alerts and following incident escalation procedures.
- Conducted WAF monitoring using Sucuri, analyzing IP logs, identifying malicious traffic, and assisting threat mitigation.
- Monitored EAS alerts using ESET and WithSecure, validating endpoint incidents and supporting incident verification.
- Designed responsive user interfaces for web-based projects using HTML and CSS, applying mobile-first design principles.

PROJECT

Board Ease – Capstone Project

Boarding House • github.com/Erceljay13/Boardese • August 2025 – December 2025

- Developed a full-stack boarding house management system using TypeScript and Supabase (PostgreSQL) to streamline tenant reservations, communication, and property operations.
- Implemented user authentication and role-based access control for administrative workflows.
- Streamlined room reservation and tenant management processes with responsive user interfaces.

Electricity Billing System

May 2025 – June 2025

- Built an automated billing system utilizing Java, SQL, MySQL, HTML, and CSS with responsive design principles.
- Designed automated calculation modules for utility consumption and fee generation.
- Generated comprehensive billing reports to streamline financial tracking.

EDUCATION

BS Information Technology (Application Programming)

Aurora State College of Technology • Zabali, Baler Aurora • 2026

Associate in Computer Technology

Aurora State College of Technology • Zabali, Baler Aurora • 2024

CERTIFICATIONS

Introduction to Artificial Intelligence

simplilearn.com • 2026

Microsoft Word for the Web

learn.microsoft.com • 2025

Oracle OCI AI Foundations Associate

mylearn.oracle.com • 2024

SKILLS

- HTML
- CSS
- Responsive Design
- Bootstrap / Tailwind

- Analytical Thinking
 - Problem Solving
 - Attention to Detail
 - Teamwork
-
